

To Whom It May Concern:

January 26th, 2014

My name is John Jobs and I am one of the Ministers of Music and the Youth Choir director at Santa Rosa Christian Church. I am writing to recommend **Anastasia Miller-Youst** as an outstanding member of a community service outreach program with our church during the past 3 years, including this 2013-2014 season. Our group is called the "Joy of His Way" youth choir and is led in partnership with my wife, Jean-Marie. We have 21 years of experience in this ministry. **Anastasia** has been fully involved with us from September 2010 to present and is a valuable member of the group.

Our group meets every Thursday night from 7:00–8:30 for rehearsal. In addition, we sing in church several times during the year, organize and execute fundraisers for the group's costs and expenses, sing locally as well as in Sacramento at various elderly care facilities and then culminate our season by going on a singing tour of convalescent and retirement homes in Central & Southern California during 'Spring Break'. Tour this year is Monday, March 17th through Saturday, March 22nd as we travel, sing and are together 24/7, which involves a huge commitment on everyone's part. It has been pure joy having **Anastasia** in our group and I can highly recommend her as a selfless, cooperative, sweet, giving & loving individual who has engaged this work with a heart of service. She is very talented and has been very punctual & present throughout her time with us.

For more information and pictures of the group, you can visit our website at: <http://www.srchristianchurch.org/joy-of-his-way>

Sincerely,

John Jobs
